### Scoring the Field Research Project

### Using the Field Experience Verification Form

Your written field research report is **submitted through TaskStream using the Field Experience Verification Form.**

For the TaskStream system reporting, your work is scored simply met or not met.

Toward course grade determination, the report is worth 40 points. 10 points is awarded for using the TaskStream system for submission. The remaining 30 points are determined as follows:

#### SCORING TABLE

- 02 pts. At least one site and one diversity group is identified on the form.
  - Site(s) listed and type of site identified
- 06 pts. Total field hours checked is, at minimum, 25-29 hours.
  - If 20 to 24 is checked, 5 pts
  - If 15 to 19 is checked, 4 pts
  - If 5 to 14 is checked, 3 pts
  - If “less than 5” is checked, 2 pts
- 08 pts. Diversity
  - Diversity group(s) checked, 1 pt
  - Adjustments Reflection (did/will you make)
    - Connects to diversity listed on form, 2 pts
    - Communicates insightful modifications, 3 pts
    - Demonstrates top quality composition skills, 2 pts
- 04 pts. Field Activities Section – list four, one in each blank.
  - For each missing entry 1 pt is deducted
- 10 pts. Reflection Section – using the activities you listed as your basis, how beneficial was the research to you as a pre-service teacher.
  - Connects to activities listed, 3 pts
  - Shows evidence of deep reflection, 4 pts
  - Exhibits top quality composition skills, 3 pts

---

30 pts. Total points possible

When your Field Experience Verification form has been scored by your instructor and returned to you through TaskStream, look for the point total you earned in the comments section.
